

## **SIMED INVITES YOU TO JOIN US IN GAINESVILLE, FLORIDA**

We're seeking a Urologist to become part of our future

Southeastern Integrated Medical, PL (SIMED) is well known in North Central Florida as a comprehensive multi-specialty practice. SIMED started over 25 years ago and has developed into a regional health care system with over 70 physicians serving a diverse population. Our primary care and specialties enjoy a large referral base while maintaining a unique collegial relationship with the local medical and university communities.

Whether your interests lead you to a great university city like Gainesville; the heart of Florida's horse and cycling country in Ocala; America's largest affluent retirement community in The Villages or somewhere in between, SIMED provides our physicians great choices in clinical and lifestyle opportunities.

With a compensation package that rewards performance, and our long-term incentives and benefits planning, SIMED provides you stability and a voice you won't get working for someone else. Experienced professional healthcare management combined with an achievable path towards physician ownership creates a desirable work environment.

Whether you're completing residency, your employment agreement is reaching its term, or you're just ready for a fresh start let us show you contemporary medicine where physicians still have a voice in the direction of health care.

**For more information call or send me your CV directly.**
